Dear Hiring Manager,

   I found you are in search for a dynamic and highly motivated Software Engineer for your company. The job description is so exciting and very much closely matching my experience and ambitions. With around 10 years of experience in IT, i am confident that i can step in and make immediate contribution to the project and valuable contribution to Organisation's continued success.

   As a software engineer at Organisation, I can collaborate closely with Customers, and help junior team members with my knowledge and experience. In addition, I consider myself a flexible, always wanted to take responsibility, take ownership of core components. I consider myself a quick learner and have motivation towards learning new technologies and apply them in solving real world problems.

   I look forward to discuss further on details of this position. In the meantime, please take a look at my resume attached. Please feel free to contact for additional information required if any.

Mit freundlichen Grüßen / Best regards,
Kalinga Bhusan Ray
